Teaching Grammar through Writing is the ideal springboard to teaching grammar to students in grades four through twelve. In a flexible, adaptable approach filled with ready to use activities, author Keith Polette shows teachers how to teach students to learn to recognize, and then consciously use in their writing, 16 essential grammatical elements. Rather than overwhelming students with too many structures, constructions, and rules, the book s goal is simplification, showing teachers what the essential elements of grammar are that students need to learn to use to become better writers.
