When the going got tough for one young man raised on the inner-city streets of Detroit, instead of getting tough and retaliating, he decides to take different route in life. After young Roberts run in with the law; rather than to fight against a corrupt penal system that has brought many young black men to the doorstep of prison, and some to an early grave, Robert chooses to make a difference, in order to prevent himself from becoming just another statistic of his time. After Robert meets Wally, a black business owner, situated within a predominately white neighborhood of Roseville, Michigan he soon gains the knowledge he needs to make it through school and to become the man he has always wanted to be. He spends the bulk of his time working with Wally, down at the auto repair shop, while learning the lessons of life. The lessons that Robert would learn from Wally would become the very lessons that would end up changing his life forever. After his mothers sudden death; instead of becoming angry at the world, this young man chooses to buckles down even more, and soon he finds himself in the midst of his true calling; designing and building automobile. Wally, who later adopts Robert, raises him as his own son. After Robert comes to live with Wally, his learning abilities runs off the intellectual charts and soon he is giving the opportunity to attend one of the leading institutes in the nation. At MIT Robert excels beyond his own imagination and expectations while receiving top honors. Still willing to move ahead, he is accepted into the masters program at MIT, where he excels...
