Organized by body systems, this heavily illustrated text organizes essential nursing pharmacology information into focused, easy-to-learn steps. Building key concepts upon each other, the text gives students a solid foundation of understanding. Easy to understand drug prototype boxes are integrated throughout the text as well as integrated content summaries. Contains more images depicting drug actions than any of the text s competitors. Includes the popular and proven Focus on theme for drug use across the lifespan, cultural and gender considerations, evidence-based practice, patient teaching, herbal and alternative therapies and dosage calculation; including Focus on Safe Medication Administration; and a Drugs in Focus table for each classification of drugs. Focused content and focused features equal a focused...
