Department stores (excl. leased depts.) Nonemployer firms--In 1977, the census included any retail nonemployer firm which reported a sales volume of 2, 500 or more, plus firms in operation for less than the full year that reported sales which, if projected to an annual basis, would have reached a total of 2, 500 or more. In the 1982 census, nonemployer firms are included if, on an annual basis, they reported a sales volume of at least 1, 000. This change was made so that establishments will be included in the retail census based on the same criterion used for including establishments in the other economic censuses, i. e. , 1, 000. Had the 1982 criterion been applied in the 1977 Census of Retail Trade, an additional 62, 000 nonemployers with sales of 120. 6 million would have been included. In 1977 and prior censuses, the combined data for all establishments (nonemployer firms plus establishments of employer firms) were presented for selected kind-of-business classifications including all 2-digit major industry groups. For these censuses, data for nonemployer firms were obtained from administrative records of the Internal Revenue Services (IRS) based on business tax returns. For 1982, data for nonemployers and the combined data for all establishments are presented only at the retail trade total level for all geographic areas. These data could not be published by kind of business as planned because many businesses were miscoded by the IRS into various miscellaneous categories rather than in the...
