Laurus Books, United States, 2012. Paperback. Book Condition: New. 201 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.The End of Old America is a discussion about the loss of a way of life in the America we grew up in. In many ways, it s a sad story because, for the most part, gone are the traditions of our Founding Fathers, the old ways of honor, duty, and love for others. Personal integrity and the Golden Rule seem relics of our memorable past. What has happened to America? What has happened to us? After all, isn t this America, the shining city on a hill, a beacon of hope for the beleaguered masses of downtrodden humanity? The demise of America and her foundational institutions is not by accident or default. It has been and continues to be a planned program of the destruction of a country, her way of life, and her very structure by a movement that is anathema to all we as Christian conservatives hold dear. The End of Old America examines the death grip this movement has on America, her mode of commerce, and her religious structures. Unfortunately, we have all been affected, so much so that the future of our country, our economy, our faith, and our freedoms are at stake. The outlook for America s future is indeed bleak, as many of us fear, but there is a ray of hope. We will look at some possible measures that might be taken to combat this all-invasive, anti-American movement head on, with the intent and eternal hope of taking back our beloved country or, at the very least, not being overwhelmed by it ourselves.
